## Covid-19 Update - 05/01/2021

Following the news of the latest lockdown, we are unable to offer face-to-face assessments again for the time being. If you have an in-person appointment booked in January, someone will be in touch with you in due course and a telephone appointment may be offered instead.

We will continue to have staff available to answer your calls and emails, and our Occupational Therapist and Benefits Advisor will be offering telephone advice during lockdown, so please get in touch with us on **01380 871007** or **welcome.ilc.semington@googlemail.com** to see how we can help you or your family member.

We hope you're all staying safe and well, and look forward to seeing you at the centre again soon.
